The municipal gallery of San Luis. It aims to promote and promote the artistic talent of the territory, managing to exhibit in its room an acceptable program of exhibitions of relevant artists both provincial and national, consists of an exhibition hall, 3 workers and maintains the category of 3rd.

Other spaces such as artist's studio houses and alternative rooms in communities and schools have a stable program attended by the Gallery in the municipality. The same has an adequate technical-constructive state. The gallery serves 7 artists. It also has a project that creates a space for dialogue, monthly, with the artists of each sample. It has characterized spaces and an intentional varied programming for all age groups.
