The purpose of youth and adult education is to contribute to the integral formation of workers, housewives, young people and adults in general, in correspondence with the updating of the economic and social model of the country in coordination with agencies, mass organizations and institutions of society.

Among the priorities of this education are:

- Working for the incorporation of the illiterate and under-schooled.
- Raising the quality of student learning, with emphasis on graduates of the skilled worker who enrol in the Faculty of Labour and Farmer (FOC).
- Monitoring and control of the preparation courses for matriculating to Higher Education (these courses will incorporate students who come from Order 18, so they are urged to approach enrolling next year in the FOC of their community. They can enroll in the first semester, which begins in October or the second semester that begins in January, can take advantage of one of the 2 schedules established for them, one starts from 9:00 a.m. to 1:00 p.m., and the other from 5:00 p.m. to 9:00 p.m.
- Attention to penitentiary facilities.
- The work of Language Schools and the development of Community Language Projects as a social need of the population under 17 years old.
- Follow-up of the experiment that is being carried out in the province based on the improvement that is being carried out in the National Education System.
- Follow-up on the opening of special training courses aimed at preparing teachers to carry out foreign collaboration missions with the prior authorization of the municipal directors of education.
